

Want to see VINC's exciting expansion plans, tour the nursery and get tips on growing indigenous plants?

VINC is close to securing a 21-year lease that will double our nursery space, allowing us to grow up to 800,000 plants pa and deliver even greater ecological impact. More space will also mean more volunteering opportunities for our community.

**Join us at our AGM
Saturday 23 May
11am–12.30pm at VINC.**

We'll keep formalities short and spend the rest of the time sharing our plans, giving a nursery tour and answering your questions about gardening with indigenous plants.

Register via the QR code (or via our website)

Interested in joining the VINC Board?

Check out our website or ask staff for more information.

Board nominations close COB Thursday 23 April

Want to know more? Email me – I'd love to chat.
